

TABULA RASA RESORT

Two references to each marriage have been incorporated in both the name and logo of our resort. We cannot give you a better sign to spend your honeymoon nights here with us.

The logo is an ancient Chinese symbol, which was used during wedding ceremonies as decoration on tableware, dresses, invitation cards etc. It was also processed in jewelry.

The sign symbolises a long, happy and fruitfull marriage.

Through the years it got several other meanings attributed to the symbol such as:

4 parts symbolize East, West, North and South.

The owners added the five red squares to the sign which symbolizes the 5 elements: Fire, Water, Earth, Air and Spirit

Circle symbolizes eternity and flawless perfection and also represents the world.

The architect and designer considers his wife and three children as centre of the world, so the five squares also refer to them.

HONEYMOON COUPLE

Spa Vasanava

At ca. 16.50h we collect the couple and will accompany them to the Spa. They start with a full body massage of 1 hour. After this two hot herbal baths are waiting for them. In two separate baths next to each other they can have the tea and enjoy the spectacular views on the jungle below them and the Indian Ocean. They can finish with a shower after which they can return to their room.

Dinner special

At around 19.30 we will collect them from their room for dinner at the Sky Deck. In complete privacy and in a very romantic atmosphere they are offered a drink near the fireplace which is located at this deck as well. From here you can see hundreds of lights of the village in the valley and the small lights of the fishing boats at sea. When there is a clear sky you can witness this spectacle under a roof of stars. We can arrange a photographer to make pictures during the evening. He will photograph while they have drinks near the fireplace and will come back a few times during dinner. Desert will be served with starlight fireworks (no noise, only colored volcano spray). The couple can choose to have coffee or tea near the fireplace or choose to have it served at their room.

During dinner, the room will be cleaned and a small flower with sweet will be put in front of the pillow.
